BENEFITS

Superior glass care

The glass program in combination with SoftGrip and SoftSpikes protects all glassware from scratches and breakages, leaving them sparkling clean.

ALWAYS GENTLE ON YOUR DISHES

With ComfortRails you can smoothly slide the basket into place without any rattle of the dishes meaning you never have to worry about damaged glasses again. Always smooth to load and unload.

Drying naturally

Our AirDry technology lets you maximise your drying performance with natural airflow. The door automatically opens up 10 cm when the cycle is complete. It dries your dishes naturally meaning spotless glasses every time.

ExtraSilent Option

With either a few dishes to clean, or a partys worth, you'll find the dishwashers in the AEG range to be amongst our quietest ever. In the ExtraSilent mode the noise level is even further reduced, so low you will barely know its running.
