

AirDresser Clothing Care DF60R8200WG

Key Features

1. Jet air refresh clothing
2. Deodorising odour reduction
3. Steam away germs and allergens
4. Wrinkle reduction
5. Gentle clothes drying
6. Dehumidify your wardrobe
7. Wi-Fi connected care and maintenance

Key features & message hierarchy

Refresh your clothes anytime

AirDresser offers a new standard in laundry care from the convenience of home. Using the Jet Air system and Air Hangers it blows powerful jets of air upwards and downwards to loosen and remove dust and odours, from inside and outside your clothes.

Always fresh and at your best

Keep your clothes smelling fresh. The AirDresser removes most odours caused by sweat, tobacco, cooking and dry cleaning.¹ And the Deodorising Filter and UV LED captures the odours, preventing them from building-up inside the unit.

Steam away germs and allergens

Sanitise your families clothes. The powerful Jet Air system infuses high temperature steam deep into the fabric of clothes. It helps remove up to 99% of certain viruses and bacteria, house mites, odour causing gases and other harmful substances.²

Reduce wrinkles and ironing time

Get neat clothes with less hassle ironing. Wrinkle Care uses a combination of steam and air to relax and smooth out creases in clothes, so they're quickly ready to wear. It can remove 100% of wrinkles from woolen clothes and 80% of wrinkles from rayon material.³

Additional Features

Gently dry clothes at a low temperature

Dry clothes gently with the AirDresser's HeatPump Drying technology. AirDresser reduces the risk of damage and shrinkage of clothes with low temperature drying using an upper JetAir and a lower HeatPump.

Better clothes care with less humidity

Take good care of clothes by keeping your room dry, without an extra dehumidifier. When the door is open, the Dehumidification function draws in air from the room, extracts moisture from it and expels dry air to help protect clothes from mould.

Smart Wi-Fi laundry care and maintenance

Enjoy great clothing care and maintenance :

1. 'Care Recipe' suggests the best cycles for each item.
2. 'My Closet' suggests courses for your clothes.
3. 'Special Course' lets you access common and specialist cycles.
4. 'Home Care' enables simple troubleshooting from your smartphone.⁴

Self cleaning to keep the unit fresh

Keep the inside clean and hygienic to maintain the best performance. Self Clean technology dehumidifies, sanitises and deodorises inside. You don't need harsh or costly detergent as it cleans using a combination of heat, air and steam. And it notifies you when it needs cleaning after 40 cycles.

Soft closing door

The Soft Closing Door closes safely, gently and silently. The hinge makes the door move smoothly, so it slowly and quietly shuts.

1. Based on testing by Intertek using a Normal course: Iso-Valeric acid: sweat, 4-Ethenyl pyridine: tobacco, Valeraldehyde: roasting meat, and Tetrachloroethylene: dry cleaning. Testing for Iso-Valeric acid and 4-Ethenyl pyridine based on KS K0891 Standard. Individual results may vary depending on the actual usage situation.
2. A. 99.9% of 4 viruses (Adenovirus, Influenza, Corona Virus and Herpesvirus) based on testing by the Korea Univ. lab
B) 100% of house mites, based on testing by Intertek/BAF certification testing using a Sterilisation course for 112 minutes
C) 99% of odour causing gases (Iso-Valeric acid: sweat, 4-Ethenyl pyridine: tobacco, Valeraldehyde: food e.g. from grilled meat, and Tetrachloroethylene: dry cleaning) based on testing by Intertek using a normal Course
D) 99% of harmful substances (Perchloroethylene) based on testing by Intertek using a Normal course. Individual results may vary depending on the actual usage situation.
3. Based on independent testing by Intertek, using a normal course according to KS K 0891 and ISO 9867. Wool fabric wrinkle recovery efficiency was 100 % and rayon fabric wrinkle recovery efficiency was 80 % after using the AirDresser.
4. Available on compatible Android and iOS devices. A Wi-Fi connection and a Samsung account are required. Stores user data, preferences and usage patterns to suggest the most useful options. The user will be solely responsible for any consequence(s) that may result, including but not limited to any damage or harm caused by incorrect information provided by the user.

SPECIFICATIONS

Model Code	DF60R8200WG
Material Code	DF60R8200WG/SA
EAN Code	8806090205446
RRP	\$3999
Launch Date	March 2020

FORMAT

Type	Airdresser
Motor	Digital Inverter Motor

DESIGN

Body Colour	Classic White
Panel Display	Touch + LCD

PHYSICAL SPECIFICATION – (Net excluding packaging)

Capacity	Jacket 3 + Pants 3
Net Dimension (WxHxD)	445 x 1850 x 615 mm
Net Weight	89 kg
Gross Dimension (WxHxD)	515 x 1950 x 745 mm
Gross Weight	97 kg

FEATURE - WASHER

JetSteam	Yes
Deodorizing Filter	Yes
