Features & Benefits

Perfect results
Unique ActiveVent technology controls moisture levels while AeroTech technology circulates heat evenly.
Timed to your taste
A handy meat probe ensures you get that roast just as you like it and cook a chicken safely to perfection
Cooking flexibility
11 functions with pre-set temperatures, including Roast, Pastry Bake and Fan Forced - allow a variety of cooking styles on multiple shelves and under the large grill.
Self cleaning
This pyrolytic oven with pyro-safe side racks, breaks down food residue at a very high temperature, leaving a light ash that's easily removed with a damp cloth
Sized to suit
Designed for multi-shelf cooking, this built-in oven has a total capacity of 85L allowing you to create several dishes at once.
Safe and sound
The CoolTouch door is safe to touch and full telescopic sliding shelves stay steady when pulled all the way out.

Designed to match
With their tempered black glass, stainless steel finish, and contemporary handle styling, our built-in ovens match the rest of Fisher & Paykel's kitchen appliance family.
