

ICON PET™ Turbo | 3175F

Extra powerful cleaning* with no hair wrap

The ICON PET™ TURBO 25V cordless stick vac is engineered with a special Turbo Boost Mode to provide enhanced suction power. It also has a powerful High-Performance Digital Motor and a 25V lithium-ion battery. With a Tangle-Free Brush Roll that actively prevents hair wrap, you don't have to worry about hair getting wrapped around the brush. The ICON PET™ TURBO easily converts to a handheld or high-reach vacuum and works with specialised tools and LED lights to illuminate pet hair anywhere, providing the ultimate whole-home cleaning experience. When you're done cleaning, features like the washable filter and the Easy Empty™ Dirt Tank with CleanSlide™ Technology and the parking brake make maintaining and storing this machine a breeze.

- Enjoy versatile and effective cleaning in a vacuum that weighs less than 4kg, plus there's no hair wrap to deal with.
- Engineered with Turbo Boost Mode, a high-performance 400W digital motor and 25V lithium-ion battery.
- New & Innovative Parking Brake Feature. Locks the wheels in place, so you can rest the vacuum against the wall.
- Includes specialised tools & storage solutions.

LED Headlights Illuminate
Dirt, Debris & Pet Hair

Actively Prevents Hair from
Wrapping Around the Brush Roll
