

Key Features

1. Intensive Cleaning
2. Wobble Technology
3. Quick Wash cycle
4. Magic Dispenser
5. Magic Filter
6. Vibration Reduction technology
7. Tub Clean
8. Smart Check trouble-shooting
9. Convenient design
10. 11 year Digital Inverter Warranty

1

Helps remove stubborn stains

Intensive Wash

Adding Intensive Wash to any course¹ pre-mixes detergent and water to help remove stains from food, tea, wine, mud or even make-up by penetrating deep into the fabric

2

Gentle Clothes Care

Wobble Technology

The Wobble pulsators are designed to generate a dynamic, multi-directional washing flow to help prevent tangles, twists and knots so its gentle on clothes while cleaning them thoroughly.

3

Small loads in 39 mins²

Quick Wash cycle

Cut down on laundry time without sacrificing cleaning performance. The Quick Wash cycle allows you to wash up to 2kg of laundry in 39 minutes so you can spend less time on chores and more time doing the things you love.

4

Avoid residual detergent stains

Magic Dispenser

The Magic Dispenser helps minimise residual detergent stains by dissolving liquid and powder detergent before a wash cycle to disperse it evenly.

5

Helps keep lint off clothes

Magic Filter

Keep unsightly speckles off your whites and darks, and help prevent clogging up your drainage. Magic Filter gathers lint and fluff out of your laundry, so clothes appear spotlessly clean.

6

Peaceful washing, less noise**Vibration Reduction Technology**

Do your laundry when it suits you without worrying about disturbance. Innovative Vibration Reduction Technology helps reduce noise and vibration during washes³ by keeping the tub balanced, even at high speeds.

7

Easy maintenance**Tub Clean**

Keep the door and inside of your top load washer hygienic with Tub Clean, designed to help remove detergent residue and dirt build up inside the drum and around the door gasket without using harsh chemicals. It even notifies you when its time to clean again!⁴

8

Easy trouble-shooting**Smart Check**

The Smart Check error-monitoring system helps detect and diagnose problems for quick and easy troubleshooting solutions sent directly to your compatible smartphone⁵ to help save on laundry down-time or engineer call-outs.

9

Easy of use**Convenient design**

A slanted Rear Control means the controls are easy to see, even from a distance, and is protected from water splashes on the digital panel. The Soft Close Door shuts safely, gently and silently to avoid loud bangs or accidental injuries from the lid shutting unexpectedly. The clear tempered glass window allows you to monitor your wash without lifting the lid.

10

Peace of Mind**11 year parts warranty on the Digital Inverter Motor**

Digital Inverter Technology uses strong magnets for a quiet and powerful performance. By eliminating the use of brushes, you'll enjoy a quieter wash⁶ without friction and outstanding durability backed-up by our 11 year warranty⁷.

DISCLAIMERS

1. Available in all courses, except for the Quick Cycle and Delicate Cycle.
2. The Quick Wash cycle can be adjusted for loads 2kg or less, with as little as 39 mins for a complete wash cycle for lightly soiled laundry.
3. Based on internal testing compared to Samsung conventional model without VRT Technology.
4. Provides a notification after every 20 cycles with a blinking icon on the control.
5. Available on compatible iPhones and Android devices. Service call-outs may be required and can incur extra repair costs. Bluetooth must be switched on.
6. The level of noise reduction is 3dBA in general. Based on internal testing of a WA6000R with a Digital Inverter Motor and a Rainno PJT with a Universal Motor. Results may vary depending on the actual usage conditions.
7. 11 year parts warranty on the inverter compressor. See warranty card or visit www.Samsung.com.au for details.

SPECIFICATIONS

Model Code	WA90R6350BV
Material Code	WA90R6350BV/SA
EAN Code	8806094117363
RRP	\$ 899
Launch Date	March 2022

FORMAT

Type	Top Load Washer
Washing Capacity (kg)	9 kg

DESIGN

Body Colour	Black
Door Colour	Black
Panel Display	In-mold Panel

PERFORMANCE

Energy Consumption (annual)	(Cold) 85 kWh/yr (Warm) 310 kWh/yr
Energy Rating	4 stars
Water Consumption (per cycle)	92 L
Water Efficiency (WELS) Rating	4 stars

PHYSICAL SPECIFICATION

Gross Dimension (WxHxD)	697 x 1126 x 740 mm
Gross Weight	51 kg
Net Dimension (WxHxD)	637 x 1075 x 701 mm
Net Weight	46.5 kg

FEATURE
