

Omega 90cm 5 burner gas cooktop with flame failure, cast iron trivets and separate wok burner and stainless steel finish.

\* Gas connection point is located rear right

## Dimensions/weight

Overall dimensions (mm): 70h x 910w x 510d  
 Cut-out dimensions (mm): 840w x 480d

## Technical details

Type of cooktop: Gas  
 Ignition: Electronic  
 Burners: 5  
 Gas type (natural/ULPG): Natural/ULPG  
 ULPG adaptable: Yes, kit supplied  
 Flame failure device: Yes  
 Wok burner: Yes  
 Fish burner: No  
 Total power rating: 41 mj/hr over five burners  
 Power: Front right: 3.8 mj/hr  
 Front left: 10.8 mj/hr  
 Rear: 2 x 6.3 mj/hr  
 Far right wok: 13.8 mj/hr  
 Maximum current: 10 amps  
 Connection: 240V, 50Hz  
 Installation: Flex and plug  
 Warranty: 24 months parts and labour  
 Made in: Italy

## Aesthetics

Finish: Stainless steel  
 Type of controls: Knob  
 Number of controls: 5  
 Location of controls: Front panel right side  
 Material of trivets: Cast iron trivets and burner caps

FLAME FAILURE

CAST IRON TRIVETS

WOK BURNER

MADE IN ITALY

Key features	Benefits
<b>Flame failure</b>	A flame failure device ensures gas cannot flow from the cooktop when no flame is present. No flame = no gas flow = a safer home.
<b>Separate wok burner</b>	This separate wok burner gives you more room when cooking with multiple pots and pans.
<b>Cast iron trivets</b>	Cast iron trivets are heavier and more durable than typical enamel coated trivets. This results in a more stable cooking surface and less chance of damage to the cooktop.

NB: Drawings are not to scale - they are to assist only. WARNING: technical specifications and product sizes can be varied by the manufacturer without notice. Cut-outs for appliances should only be by physical product measurements. The above information is indicative only.
