

Key Features

1. BubbleStorm™ & Dual Storm™
2. Super Speed
3. Intensive Wash
4. Magic Filter
5. Tub Clean
6. Convenient Design
7. Smart Check
8. Vibration Reduction Technology
9. 10 Year Motor Warranty¹

1

Fast & Effective Wash

BubbleStorm™ & Dual Storm™

BubbleStorm™² creates bubbles quickly by supply water and operating the pulsator simultaneously which can help detergent penetrate fabric. Dual Storm™³ uses 12 blades to create a vortex of water, twisting and rubbing clothes for an effective wash.

2

Wash in 31 minutes⁵

Super Speed

Cut down on laundry time. By shooting powerful jets of water and accelerating the spin speed, the Super Speed option can wash certain loads in just 31 minutes⁴ and can help reduce water usage by up to 18% when the SuperSpeed option is selected with a Normal wash course⁵.

3

Helps remove stubborn stains

Intensive Wash

Adding Intensive Wash to a course⁶ pre mixes detergent and water to help remove stains by penetrating deep into the fabric.

4

Help keep lint of clothes

Magic Filter

Keep unsightly speckles off your whites and darks. Magic Filter can help gather lint and fluff out of your laundry, so clothes appear spotlessly clean.

5

Easy maintenance

Tub Clean

Keep the door and inside of your top load washer hygienic with the Tub Clean course. Designed to help remove detergent residue, and dirt build-up without using harsh chemicals, it even notifies you when its time to clean again⁷!

Easy to use

Convenient Design

6

A slanted Rear Control means the controls are easy to see, even from a distance, and shielded from water splashes on the digital panel. The Soft Close Door shuts safely, gently and silently to avoid loud bangs or accidental injuries from the lid shutting unexpectedly. The clear tempered glass window allows you to monitor your wash without lifting the lid.

Easy trouble-shooting

Smart Check

7

The Smart Check error monitoring system can help detect and diagnose problems. It even provides quick and easy troubleshooting solutions sent directly to your compatible smartphone⁸.

Peaceful washing, less noise

VRT Plus™

8

Do your laundry when it suits you. Innovative Vibration Reduction Technology can help reduce noise and vibration during washes⁹ by keeping the tub balanced, even at high speeds.

Incredible performance

10 Year Digital Inverter Motor Warranty¹

9

Digital Inverter Technology uses strong magnets for a quiet and powerful performance. By eliminating the use of brushes, you'll enjoy a quiet wash without friction and outstanding performance backed up by our 10 year parts warranty¹.

1. 10 year parts warranty on the inverter motor. See warranty Card or visit www.samsung.com.au for details.

2. Bubblestorm™ refers to the blades inside the detergent dispenser that operates on all cycles

3. Dual Storm™ refers to the pulsator that operates on all cycles

4. Based on Intertek test report (Report Number: 230800061SEL-001). Tested on the WA6000 16kg Samsung washing machine on a Normal course with "SuperSpeed Option" selected. A Normal wash can be completed in as little as 31 minutes using Super Speed at the default settings with a 3kg load, compared to 54 minutes in a Samsung washing machine without Super Speed. Actual results may vary depending on actual usage conditions.

5. Based on Intertek test report (Report Number: 230800061SEL-001). Tested on the WA6000 16kg Samsung washing machine on a Normal course with "SuperSpeed Option" selected. Water consumption is reduced from 131 liters to 107 liters in specific test conditions with a test load weight of 3kg, water level 4 and 2 repetition cycle, with a cold water temperature and water pressure of 230 – 250 kPa). Results may vary depending on the actual usage conditions.

6. Available in all courses, except for the Quick Cycle and Delicate Cycle.

7. Recommended for use every one or two months, when an alert icon turns on.

8. Available on Android and iOS devices. A Wi-Fi connection is required.

9. Based on internal testing. Compared to a Samsung conventional model without VRT Plus.

SPECIFICATIONS

Model Code	WA90CG6745BV
Material Code	WA90CG6745BVSA
EAN Code	8806094910209
RRP	\$999

FORMAT

Type	Top Load Washer
Washing Capacity (kg)	9

PHYSICAL SPECIFICATION

Gross Dimension (WxHxD)	697 x 1161 x 740mm
Gross Weight	48 kg
Net Dimension (WxHxD)	637 x 1093 x 701mm
Net Weight	44 kg
Voltage / Frequency	220-240V/50Hz

DESIGN

Body Colour	Black Caviar
Door Colour	Black Caviar
Panel Display	LED

PERFORMANCE

Energy Consumption (annual)	322 kWh/yr
Energy Rating	4 star
Water Consumption (cycle)	92 L
Water Rating	4 star

FEATURE

BubbleStorm™	Yes
Speed Spray™	Yes
Dual Storm™	Yes
Auto Restart	Yes
Child Lock	Yes
Delay End	Yes
Door Lock	Yes
Drum Type	2 nd Diamond
Hot/Cold Water Inlet	Hot/Cold
