

TCL

C7L SQD-Mini LED TV

*98" model shown. Product appearance may vary by size

C7L SERIES

85" | 98"

PRODUCT HIGHLIGHTS

SQD-Mini LED

As the ultimate Mini LED TV, it integrates the expansive TCL Deep Colour System with the breakthrough TCL Halo Control System to ensure the most brilliant, pure, and immersive viewing experience possible.

HVA 2.0 Ultra Panel

An enhanced version of the HVA Panel, maintaining an impressive native contrast ratio. With an ultra-wide viewing angle, it ensures that image details remain sharp and clear from various positions.

TCL Deep Colour System

The TCL Deep Colour System is an advanced colour suite that blends Super Quantum Crystals (Super QLED) for up to 100% of BT.2020 Colour*, TCL UltraColour Filter, and TCL Advanced Colour Purity Algorithm for an incredibly vivid, accurate picture.

**100% of BT2020 Colour* is based on typical achievement/achievement of 100% of the BT2020 Colour Ratio. Actual results may vary slightly due to differences in the test environment, standards, and equipment, as well as other factors such as reasonable production batch variations.

Audio by
BANG & OLUFSEN

Audio by BANG & OLUFSEN

You can experience this exceptional sound quality in your C7L, through Audio by Bang & Olufsen. This mark of great sound means that the speakers in your TV have been worked on by the same engineers who design, tune and refine Bang & Olufsen's iconic speakers. They pour in a century of expertise, so that only the purest sound comes out.
