

Driftwood Logs and Glacier Crystal installation

- A.** Glass front must be removed and the appliance must be mounted in its final location before the driftwood logs (**M**) and glacier crystals (**L**) are installed.
- B.** Place the ember bed strip (**E**) in position.
- C.** Install logs (**M**) first, then add Glacier Crystals (**L**) around logs.
- D.** Photo below shows recommended log placement but logs may be arranged to customer's liking.
