Smart Food Probe	Pyrolytic self-cleaning oven	PyroProof runners	24 MJ wok burner
Dual Flame control	Split grill system Select to utilise both of the powerful grill elements, or just the one.	Huge 125L gross capacity oven	Soft close door
Flame Failure Safety Device	Quadruple glazed doors		

BENEFITS

NEXT-LEVEL BAKING WITH STEAM

With SteamBake, you can create bakery-style bread in your own home. The added steam allows dough to rise more effectively than conventional heating. The steam helps to create an exquisitely soft centre, while the combination of hot air delivers deliciously glossy crusts.

DELICIOUS FRYING WITH MINIMAL OIL

The mesh design of the Air Fry Plus tray allows super-heated air to crisp the surface of food to deliver a mouth-watering fried taste and texture with little to no oil. Steam is added during the cooking process to help retain moisture inside the food, whilst the outside becomes deliciously crisp and golden.

PRECISE COOKING, GREAT RESULTS

Whether you're broiling beef or roasting chicken, the food probe helps you to achieve delicious results, time after time. By monitoring the core temperature of the food during the cooking process, your meats will be cooked to their succulent best. The precise sensor will even let you know when your dishes have been cooked to the desired temperature and automatically stop the process to prevent food from drying out.

NO NEED FOR ELBOW GREASE

High temperature pyrolytic cleaning burns away oven grease and grime for easy cleaning, without any need for water or chemicals. Simply set the pyro program and wipe the oven clean afterwards. The oven door is also quadruple-glazed to reduce the temperature of the door during cleaning.

PYRO-PROOF RACKS & RUNNERS

For easy cleaning, the pyro-proof side racks and double action telescopic runners do not need to be removed when you select a pyrolytic oven cleaning program, simply remove the trays and shelves and clean away.

INTENSE HEAT RICH TASTE

The powerful 24 MJ wok burner provides the intense heat needed to lock in flavours and textures when stir-frying at high temperatures.

Specifications

PRODUCT PROFILE

Domestic warranty details (yrs)	2
Oven fuel	electric
Materials/Colour	Dark stainless steel
Controls of Oven	TFT touchscreen
Cooling fan	Yes
Anti tilt plate	Yes
Built in/ slot in	Yes
