### BENEFITS

**Superior glass care**

The glass program in combination with SoftGrip and SoftSpikes protects all glassware from scratches and breakages, leaving them sparkling clean.

**A new level of perfection**

Our ComfortLift™ dishwasher lets you gently slide and lift the lower basket upwards. With a dishwasher designed around your needs, you can unload more efficiently and stack more effectively. With ComfortLift we've elevated dishwashing to a whole new level.

**Drying naturally**

Our AirDry technology lets you maximise your drying performance with natural airflow. The door automatically opens up 10 cm when the cycle is complete. It dries your dishes naturally meaning spotless glasses every time.

**ALWAYS GENTLE ON YOUR DISHES**

With ComfortRails you can smoothly slide the basket into place without any rattle of the dishes meaning you never have to worry about damaged glasses again. Always smooth to load and unload.

**ExtraSilent Option**

With either a few dishes to clean, or a party's worth, you'll find the dishwashers in the AEG range to be amongst our quietest ever. In the ExtraSilent mode the noise level is even further reduced, so low you will barely know it's running.
