

4 BOOST ZONE COOKTOP

Boost functions allow for rapid water boiling or fast heat such as for searing meat.

FRONT STAINLESS STEEL FRAME

Protects the cooktop from any accidental contact from a pot or pan.

CHILD LOCK

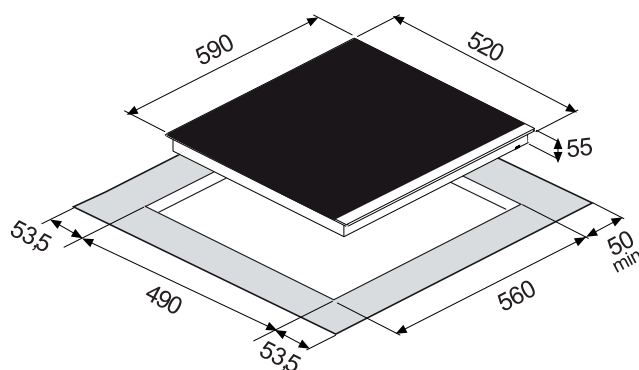

An important safety feature that prevents any accidental operation of the cooktop. Feel secure knowing that the cooktop is safe even when not being used.

COOKING TIMER

Have full control, set the timer to start or finish the cooking process.
