

Breeze Air Purifier ION420

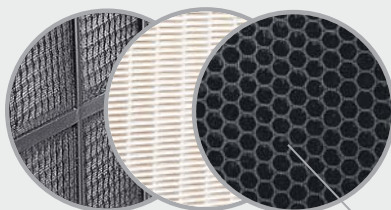

The Ionmax Breeze ION420 Air Purifier features 5 stages of air purification to ensure the cleanest, healthiest indoor air quality possible for your home or office. Integrating a 3-in-1 filter that consists of a pre-filter, HEPA filter and an Activated Carbon Filter; a negative ioniser, and UV-C light for sterilisation, the Ionmax Breeze traps allergens down to 0.3 microns at a rate of **99.97%** and **kills 99% of germs**. With unique, user-friendly features - touch control panel, large air outlet, powerful fan, and low noise levels - the Ionmax Breeze is powerful, efficient, and easy to use.

Features

UVC-light kills airborne germs, viruses, fungi and bacteria
