

AX5500K Air Purifier with Wi-Fi AX60T5080WD/SA

Key Features

- 1 True HEPA filter removes 99.97% of 0.3µm ultra-fine dust and inhibits the spread of captured bacteria.*
- 2 Ideal for rooms up to 60m².
- 3 Clean Air Delivery Rate of 467m³ p/hr.^
- 4 Whisper quiet 21dBA night mode.
- 5 Numeric Air Quality Display and 4 Colour Indicator.
- 6 Remotely monitor and control via Wi-Fi and the SmartThings app.
- 7 Concealed wheels for easy relocation.

MAKE OLD AIR, NEW AGAIN!

Breathe New Air

We have a vision that our air is clean and pure. But most air has been used before. Every single day the average adult on the planet breathes in 11,000lt of air[^]. And then breathes it out.

The air in our homes can be filled with dust, pollen, mould, smoke particles, last night's curry, and even dander from your neighbour's dog.

The microscopic particles that we breathe in can be the culprits behind many respiratory health issues. Samsung Air Purifiers help remove dust and harmful gases from your home to help you and your family breathe better*.

Breathes in the things you shouldn't

1 Multi-Layered Purification System

Help alleviate allergy symptoms and reduce irritation to eyes, nose and throat, by capturing airborne particles, harmful gases and inhibiting the spread of captured bacteria.*

Purer air everywhere

2 3 Way Air Flow

Purifies your large living spaces quickly and powerfully in all directions, to help keep your whole family breathing healthy air.

The Front Air Inflow draws in air from the front, which ensures it operates just as effectively even if it's placed against a wall.

Simply smart

3 Wi-Fi Control with SmartThings app

Monitor and control the air quality in your home from anywhere using the SmartThings App. With a touch, or using your voice you can turn it on/off, check the air quality and control other functions.#

Sleep in comfort

Whisper Quiet Sleep Mode

Sleep Mode switches display lights off, operates with a softer air flow and whisper quiet 21dBA, to help create a comfortable sleeping environment. Zzzzz.

Precise monitoring

Numeric Air Quality Display and 4 Colour Indicator

Reassurance of an intuitive display to indicate changes and improvements in real-time to the Air Quality in your home.

Healthy air always

Dust PM 1.0/2.5/10 and Gas Laser Sensors

Sensors that automatically monitor and adjust, in real time, to maintain healthy air quality so you don't have to lift a finger.*

Thoughtful design

Easy maintenance and smart operation

Filter Replacement Alarm

Icon blinks with the filter needs replacing.

Timer

To schedule when to turn on/off to minimise energy waste.

Child Lock

Prevents accidental changes in settings.

Move rooms effortlessly

Concealed Wheels

Move the air purifier anywhere you want much more easily using its hidden moving wheels. Simply push or pull it to any location that needs more intensive purifying, like your living room or bedroom. And, because the wheels are neatly hidden underneath, it doesn't spoil the overall design.

Compatible Filter Model	CFX-D100/GB	
Gross Dimension (Outdoor, WxHxD, mm*mm*mm)	287 x 429 x 65 mm	
Net Dimension (WxHxD, mm*mm*mm)	285 x 424 x 58 mm	
Net Weight(kg)	1.19 kg	
Dust Collecting	Ultrafine Dust Filter (HEPA)	
Deodorising Filter	Activated Deodorization Filter
