2. Customisable Door Panels
3. All-Around Cooling
4. Power Cool / Power Freeze
5. Big Door Bins + Wine Rack
6. LED Lighting
7. Reversible Doors
8. 10 Year Compressor Warranty<sup>1</sup>

#### Choose the combination for your lifestyle

1

##### Flexible, modular design

Seamlessly integrate multiple modules to increase capacity and create the perfect fridge/freezer combo for you. Models can easily be mixed and matched<sup>2</sup>, so you can enjoy the flexibility of a fridge that grows with you.

2

##### Express yourself with colour

##### Customisable door panels

Bring your personal style into the kitchen. Choose from 7 stunning colours in selected finishes including matte metal, high-gloss glass or frosted satin glass to build a fridge of your dreams.

3

##### Even and optimum cooling

##### All-Around Cooling

The All-around Cooling system cools the fridge evenly from corner to corner. Multiple vents on every shelf blows cold air out evenly to help maintain a consistent temperature to help keep food fresh. Easy-clean Metal Cooling plate helps the fridge cool down fast, thanks to its high thermal conductivity.

4

##### Fast, cold, blast

##### Power Cool / Power Freeze

At the touch of a button, Power Cool blows intensely cold air into the fridge, so food and drinks are chilled quickly. And Power Freeze delivers a fast blast of cold air into the freezer. Ideal for freezing or firming up food like ice cream and making more ice.

5

##### Neatly store big bottles and wine

##### Big door bins + wine rack

Save internal shelf space and conveniently store large bottles and jugs on the door. There's room even for the big 3L Milk and 2L soft drink bottles. Also organise your wine bottles and keep them from rolling around. Keep you and your family happy with plenty of chilled beverages.

6

##### See it all

##### LED lighting

Find ingredients easily, even at night. Low profile, high-efficiency, long-lasting LED lighting brilliantly illuminates every corner of the fridge compartment, so everything is clearly visible.

7

##### Opens how you want

##### Reversible doors

Simply choose the direction that your fridge and freezer opens to suit the layout of your home. The door can be reversed by changing the hinges over<sup>3</sup> so you can enjoy the convenience of doing things just how you like.

## SPECIFICATIONS

Short Code	SRLX4100N
